

## **Global Leader in Power Generation Rentals Selects NuViewHR®**

NuView Systems announces that Aggreko PLC has selected the NuViewHR® product suite for its global HR platform, helping them manage their Human Resources for a global workforce.

### **About Aggreko**

Aggreko PLC is the world leader in the supply of temporary power and temperature control solutions. Aggreko employs over 4,000 people operating from over 133 locations. In 2008, Aggreko served customers in over 100 countries, and had revenues of approximately £950m (USD \$1.6bn or Euros €1.1bn). Aggreko plc is listed on the London Stock Exchange (AGK.L), is a member of the FTSE-100 index, and is headquartered in Scotland..

Aggreko provides power and temperature control solutions to customers who need them either very quickly, or for a short or indeterminate length of time. Examples would be the supply of power to an industrial site which needs to service its permanent power supply, supplying a whole city in times of power shortage, or providing a major sporting event with power and cooling systems. Aggreko serves customers either through 120 service centres, referred to as Local Business, or globally through its International Power Projects business.

In the Local business, which accounts for about 60% of revenues, Aggreko hires equipment to customers, who then operate it for themselves, although Aggreko retains responsibility for servicing and maintaining it. In the International Power Projects business, which accounts for about 40% of revenues, Aggreko operates as a power producer, installing and operating power plants, charging customers for providing the generating capacity, and for the electricity produced. Aggreko designs and manufactures equipment specifically for these requirements in a factory in Dumbarton, Scotland.

Recent customers include the Beijing 2008 Olympic Games, the recent Vancouver 2010 Olympic Winter Games and power utilities in over 50 countries., including the UK, France, Angola, Kenya, Indonesia, Bangladesh, Venezuela, Chile, Brazil and the USA.

Aggreko will implement NuViewHR's *HR & Benefits, Employee Self-Service, Manager Self-Service, Compensation Management, Recruiting Management, Candidate Self-Service, Training Administration, Performance Management, Time Entry and interfaces to global benefit carriers and payroll services.*
