

NUVIEW SYSTEMS INC

NuView Systems, Inc. is a Global provider of HRIS/HRMS SOFTWARE TOOLS including U.S. Payroll and related services. Utilizing our advanced technology, clients can achieve their strategic HR vision through a single, comprehensive view of their employees, managers and executives. NuView improves organizational effectiveness and provides clients with a global perspective of their business.

NUVIEW AS A LEADER • NuViewHR is a comprehensive, web-native Human Resource management solution that addresses all major HR disciplines, plus Payroll, including Talent Management, Learning & Organizational Development, Rewards and Performance Management, as well as Compensation and Benefit Management. All Modules are connected with self-service portals for employees, managers and job candidates. Superior service and support remain an integral part of our growth strategy in the continuing development of an outstanding, award-winning software product.

GLOBAL CAPABILITIES • NuView's product suite incorporates your global workforce under a single Global HR platform. This allows for easy reporting on your global enterprise, and eliminates the need for separate systems within each country.

SOFTWARE DELIVERY OPTIONS • NuView offers three methods of delivery; Licensed, SaaS/Hosted, and Blended, all meeting the specific needs of our clients. Whether you are looking for cost efficiencies, flexibility or the best of both worlds, NuView has the solution for you.

NUVIEW SOLUTIONS DELIVER STRONG ROI • With tight budgets today, organizations need tools to make the changes necessary without additional costs. NuViewTools allows customers to configure many parts of the system, including menus, tabs, forms and help text. Our tool set allows you to add unlimited fields and tables to create new workflows, alerts, reports, queries, imports and exports. The reported ROI from our clients is typically less than one year.

EXPERIENCE COUNTS • With a professional and experienced staff, NuView offers world class HR/Payroll customer support, easy implementations, hands on training and expertise in global implementations. Our executive management team consists of industry experts who are highly engaged in the mission of meeting client needs while seeking out new technologies to enhance our solutions.
