

NuView Systems Named a Finalist in 2009 CODiE Awards Competition *Significant Achievement Reaching This Stage*

February 25, 2009

NuView Systems was named a finalist today in the Software & Information Industry Association's (SIIA) 24th Annual CODiE Awards.

NuView's comprehensive HRMS, the NuViewHR® product suite, was selected from many high-caliber products as one of the **Best Human Resources Solutions** in the industry.

The award is based on the best software solution that automates any aspect of human resources management, including HRIS, benefits administration, recruiting, payroll, performance appraisal, asset management, etc. The solution can be distributed as a service (SaaS) or installed (NuView offers both options).

CODiE Award Judges look for ability to manipulate data and functionality of key attributes, ability to pull from disparate data sources, ease of use, level of services provided compared to other similar programs, overall fulfillment of key attributes, overall visual/program aesthetics and user interface. **NuView's underlying toolset, NuViewTools, used to customize almost every aspect of the system to reflect client environments, earned high marks among judges.**

According to SIIA President Ken Wasch, "The competition is particularly steep this year, making selection as a CODiE Finalist a real achievement. All the companies on this year's list of CODiE Finalists should feel justifiably proud of their accomplishment in making it to this stage, and have much excitement to look forward to regarding the upcoming voting!"

The CODiE Awards hold the distinction of being the industry's only peer-reviewed awards program, which provides member companies with a unique opportunity to earn praise from their competitors. Now in its twenty-fourth year, the CODiE Awards program has raised the standard for excellence and serves as prestigious representation of outstanding achievement and vision in the software and information industry. Award winners will be announced during the CODiE Awards Reception & Gala, on Tuesday, May 5 in San Francisco, CA.
