

## **TechnoServe Selects NuViewHR®**

NuView announces that TechnoServe, an internationally recognized leader in the field of economic development, has chosen the NuViewHR® product suite to manage their employees.

Employing more than 400 people, TechnoServe's mission is to help entrepreneurial men and women in poor areas of the developing world to build businesses that create income, opportunity and economic growth for their families, their communities and their countries.

Their work has transformed the lives of millions of people in more than 30 countries; the support of numerous partners enables them to replicate their success, with four new country programs launched this year in Brazil, Chile, India and Rwanda.

TechnoServe was founded in 1968 by Connecticut businessman Ed Bullard. After volunteering at a hospital in Ghana, Bullard was inspired to start an organization helping hard working rural people harness the power of private enterprise to lift themselves out of poverty.

TechnoServe will implement NuViewHR's *HR & Benefits Administration, Recruiting Management, Compensation Management, ESS, MSS, CSS, Performance, Metrics and Legal Line* modules.
